Model #	Flat Panel and PlasmaLifts	List
TFT-100i	<b>TFT Lift</b> to raise smaller flat panel displays out of conference tables, podiums or desks. Raises 19.5", designed for 20"w x 17"h and smaller display panels. Includes finger safety guard and steel enclosure. Includes VESA 75 / 100 mount. 30 Lb. Weight capacity.	\$2,300.00
TFT-50	<b>TFT Lift</b> to raise smaller flat panel displays out of conference tables, podiums or desks or lower flat panel displays from cabinetry. Travels 14" maximum. Includes VESA 75 / 100 mount. 25 Lb. Weight capacity.	\$990.00
TFT-70	<b>TFT Lift</b> to raise smaller flat panel displays out of conference tables, podiums or desks or lower flat panel displays from cabinetry. Travels 16" maximum. 17" max vertical panel height. Includes VESA 74 / 100 mount. 20 Lb. Weight capacity.	\$1,190.00
PL-1700i	<b>PlasmaLift for 32" to 37"</b> display panels designed to raise 29.5". Basic configuration for installation in custom furniture, includes wired handheld remote. 110V. <b>PM-XXX</b> required. Includes finger safety guard.	\$3,150.00
PM-xxx	<b>Panel Mount.</b> Flat Panel Mounting Adapter for flat panel display. Specify Make / Model # of display panel. See flat panel adapter list for exact part #.	\$170.00
OPT-20	<b>Enclosure Frame</b> and adjustable top panel mount for PL-1700i, PL-2200i or PL-2060 . Specify dimensions of any optional products to be raised such as speakers, cameras, etc..	\$835.00
PL-1700i 220V	<b>PlasmaLift for 32" to 37"</b> display panels designed to raise 29.5". Basic configuration for installation in custom furniture, includes wired handheld remote. 220V. <b>PM-XXX</b> required. Includes finger safety guard.	\$3,150.00
PM-Flex	<b>Flex Panel Mount.</b> Flat Panel Mounting Adapter for most 32" to 60" flat panel displays.	\$215.00
PL-2200i	<b>PlasmaLift for 40" to 50"</b> display panels designed to raise 41". Basic configuration for installation in custom furniture, includes wired handheld remote. 110V. <b>PM-XXX</b> required. Includes finger safety guard.	\$3,150.00
PM-xxx	<b>Panel Mount.</b> Flat Panel Mounting Adapter for flat panel display. Specify Make / Model # of display panel. See flat panel adapter list for exact part #.	\$170.00
OPT-20	<b>Enclosure Frame</b> and adjustable top panel mount for PL-1700i, PL-2200i or PL-2060 . Specify dimensions of any optional products to be raised such as speakers, cameras, etc..	\$835.00
PL-2200i 220V	<b>PlasmaLift for 40" to 50"</b> display panels designed to raise 41". Basic configuration for installation in custom furniture, includes wired handheld remote. 220V. <b>PM-XXX</b> required. Includes finger safety guard.	\$3,150.00
PL-2260i	<b>PlasmaLift for 61"+</b> display panels designed to raise 41". Basic configuration for installation in custom furniture, includes wired handheld remote. Includes finger safety guard. 110V. <b>PM-XXX</b> required.	\$3,430.00
PL-2260i 220V	<b>PlasmaLift for 61"+</b> display panels designed to raise 41". Basic configuration for installation in custom furniture, includes wired handheld remote. Includes finger safety guard. 220V. <b>PM-XXX</b> required.	\$3,430.00
PL-3042	<b>Ceiling PlasmaLift for 40/42"</b> display panels designed to lower 40" with panel tilt from ceiling space. Includes plenum enclosure, hinged ceiling closure frame, wired remote. 110V. <b>PM-XXX</b> required.	\$4,000.00
PL-3042 220V	<b>Ceiling PlasmaLift for 40/42"</b> display panels designed to lower 40" with panel tilt from ceiling space. Includes plenum enclosure, hinged ceiling closure frame, wired remote. 220V. <b>PM-XXX</b> required.	\$4,000.00
PL-3050	<b>Ceiling PlasmaLift for 50"</b> display panels designed to lower 40" with panel tilt from ceiling space. Includes plenum enclosure, hinged ceiling closure frame, wired remote. 110V. <b>PM-XXX</b> required.	\$4,000.00
PL-3050 220V	<b>Ceiling PlasmaLift for 50"</b> display panels designed to lower 40" with panel tilt from ceiling space. Includes plenum enclosure, hinged ceiling closure frame, wired remote. 220V. <b>PM-XXX</b> required.	\$4,000.00
PL-3060	<b>Ceiling PlasmaLift for 61"+</b> display panels, designed to lower 49" from drop tile ceiling. Includes plenum enclosure, hinged ceiling closure frame, wired remote. 110V. <b>PM-XXX</b> required. No tilt available.	\$5,500.00
PL-3060 220V	<b>Ceiling PlasmaLift for 61"+</b> display panels, designed to lower 49" from drop tile ceiling. Includes plenum enclosure, hinged ceiling closure frame, wired remote. 220V. <b>PM-XXX</b> required. <b>No tilt available.</b>	\$5,500.00

PL-3242	<b>Ceiling PlasmaLift for 40/42"</b> display panels designed to lower from ceiling. <i>Maximum screen size: 41.5" w X 25" h</i> . Slim profile design of 7" depth. Provides up to 72" travel distance and programmable show position. Dry contact closure. 110V. <b>PM-XXX required.</b>	\$4,000.00
PL-3242 220V	<b>Ceiling PlasmaLift for 40/42"</b> display panels designed to lower from ceiling. <i>Maximum screen size: 41.5" w X 25" h</i> . Slim profile design of 7" depth. Provides up to 72" travel distance and programmable show position. Dry contact closure. 220V. <b>PM-XXX required.</b>	\$4,000.00
PL-3250	<b>Ceiling PlasmaLift for 50"</b> display panels to lower from ceiling. <i>Maximum screen size: 49" w X 29" h</i> . Slim profile design of 7" depth. Provides up to 72" travel distance and programmable show position. Dry contact closure. 110V. <b>PM-XXX required.</b>	\$4,000.00
PL-3250 220V	<b>Ceiling PlasmaLift for 50"</b> display panels to lower from ceiling. <i>Maximum screen size: 49" w X 29" h</i> . Slim profile design of 7" depth. Provides up to 72" travel distance and programmable show position. Dry contact closure. 220V. <b>PM-XXX required.</b>	\$4,000.00
PL-1000	<b>Flat Panel Lift for integration into ATA case.</b> Motorized elevation of the display to 45". 110v.	\$1,985.00
<b>Model #</b>	<b>Flat Panel Lift Options</b>	<b>List</b>
FPM-VESA	<b>Flat Panel Mount.</b> Mounting adapter for 75/100mm VESA compatible display to TFT lift. Specify Make / Model # of display panel.	\$71.00
FPM-xxx	<b>Flat Panel Mount.</b> Mounting adapter for TFT lift. Specify Make / Model # of display panel.	\$71.00
PM-xxx	<b>Panel Mount.</b> Flat Panel Mounting Adapter for flat panel display. Specify Make / Model # of display panel. See flat panel adapter list for exact part #.	\$170.00
OPT-11-C	<b>Cable Pre Wire</b> Prewire of any PL series plasma lift with control, signal and power cabling.	\$572.00
OPT-20	<b>Enclosure Frame</b> and adjustable top panel mount for PL-1500i, PL-2200i or PL-2060 . Specify dimensions of any optional products to be raised such as speakers, cameras, etc..	\$835.00
PCS-02	<b>Power Current Sensor.</b> Ultra sensitive current sensing of projectors and display panels. 110V. Provides contact closure out.	\$111.00
REM-IR	<b>Wireless Infrared Remote control.</b> May be used with any motorized DDI product.	\$285.00
REM-RF	<b>Wireless Radio Frequency Remote control</b> May be used with any motorized DDI product.	\$357.00
WPR-P01-W	<b>Wall Plate Remote</b> panel for all PlasmaLifts. Single gang white	\$75.00
WPR-P01-B	<b>Wall Plate Remote</b> panel for all PlasmaLifts. Single gang black	\$75.00
WPR-P01-S	<b>Wall Plate Remote</b> panel for all PlasmaLifts. Single gang brushed steel	\$75.00
REM-P19-RM	<b>Rack mount Panel Remote</b> wired control panel for all PlasmaLifts. 1.75" x 19" EIA. Black	\$75.00
REM-P02-WLKY-W	<b>Locking Wall Plate Remote</b> wired control panel with security key lock. 4" x 4". Double gang, white	\$115.00
REM-P02-WLKY-B	<b>Locking Wall Plate Remote</b> wired control panel with security key lock. 4" x 4". Double gang, black	\$115.00
REM-P02-WLKY-S	<b>Locking Wall Plate Remote</b> wired control panel with security key lock. 4" x 4". Double gang, brushed steel.	\$115.00
<b>Model #</b>	<b>IBL Series Projector Lifts (35 # capacity)</b>	<b>List</b>
IBL-1522	<b>Small projector lift</b> with 4 feet of travel designed to fit within 16" on-center floor joists. Provided standard with adjustable plenum enclosure, ceiling closure frame, handheld wired remote and dry contact closure interface, 35 lb capacity. Projector mounting adapter required. 110V	\$2,475.00
IBL-1522 220V	<b>Small projector lift</b> with 4 feet of travel designed to fit within 16" on-center floor joists. Provided standard with adjustable plenum enclosure, ceiling closure frame, handheld wired remote and dry contact closure interface, 35 lb capacity. Projector mounting adapter required. 220V	\$2,475.00
IBL 2424	<b>Small projector lift</b> with 4 feet of travel designed to fit within 2'x 2' ceiling tile. Provided standard with adjustable plenum enclosure, ceiling closure frame, handheld wired remote and dry contact closure interface, Maximum projector size: 19" x 19" (including lens). 35 lb capacity. Projector mounting adapter required. 110V	\$2,475.00
IBL 6060 220V	<b>Small projector lift</b> with 4 feet of travel designed to fit within 60cm x 60cm ceiling tile. Provided standard with adjustable plenum enclosure, ceiling closure frame, handheld wired remote and dry contact closure interface, 35 lb capacity. Projector mounting adapter required. 220V	\$2,475.00
<b>Model #</b>	<b>DataLite LCD Series Projector Lifts (100 # capacity)</b>	<b>List</b>
LCD-104	<b>DataLite</b> projector lift with 4 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$2,790.00
LCD-104 220V	<b>DataLite</b> projector lift with 4 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$2,790.00
LCD-105	<b>DataLite</b> projector lift with 5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$3,020.00
LCD-105 220V	<b>DataLite</b> projector lift with 5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$3,020.00
LCD-106	<b>DataLite</b> projector lift with 6 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$3,250.00
LCD-106 220V	<b>DataLite</b> projector lift with 6 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$3,250.00

LCD-107	DataLite projector lift with 7 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$3,480.00
LCD-107 220V	DataLite projector lift with 7 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$3,480.00
<b>Model #</b>	<b>DataLift DL3B Series Projector Lifts (160 # capacity)</b>	<b>List</b>
DL3B-7.5	DataLift projector lift with 7.5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$3,527.00
DL3B-7.5 220V	DataLift projector lift with 7.5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$3,527.00
DL3B-9.5	DataLift projector lift with 9.5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$3,757.00
DL3B-9.5 220V	DataLift projector lift with 9.5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$3,757.00
DL3B-11	DataLift projector lift with 11.0 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$3,988.00
DL3B-11 220V	DataLift projector lift with 11.0 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$3,988.00
DL3B-12.5	DataLift projector lift with 12.5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$4,218.00
DL3B-12.5 220V	DataLift projector lift with 12.5 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$4,218.00
DL3B-14	DataLift projector lift with 14.0 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$4,449.00
DL3B-14 220V	DataLift projector lift with 14.0 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$4,449.00
<b>Model #</b>	<b>DataWide DL3W Projector Lifts (400 # capacity)</b>	<b>List</b>
DL3W-12	DataWide projector lift with 12 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$4,295.00
DL3W-12 220V	DataWide projector lift with 12 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$4,295.00
DL3W-14	DataWide projector lift with 14 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$4,625.00
DL3W-14 220V	DataWide projector lift with 14 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$4,625.00
DL3W-16	DataWide projector lift with 16 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$4,950.00
DL3W-16 220V	DataWide projector lift with 16 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$4,950.00
DL3W-18	DataWide projector lift with 18 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$5,275.00
DL3W-18 220V	DataWide projector lift with 18 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$5,275.00
DL3W-20	DataWide projector lift with 20 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$5,920.00
DL3W-20 220V	DataWide projector lift with 20 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$5,920.00
DL3W-24	DataWide projector lift with 24 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$6,565.00
DL3W-24 220V	DataWide projector lift with 24 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$6,565.00
DL3W-28	DataWide projector lift with 28 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 110V	\$7,535.00
DL3W-28 220V	DataWide projector lift with 28 feet of travel. Provided with handheld wired remote and dry contact closure interface standard. 220V	\$7,535.00
<b>Model #</b>	<b>Projector Lift Options</b>	<b>List</b>
XXX	Mounting Adapter interface for projector. Must specify make and model number of projector and lens if projector offers options.	\$218.00
OPT-1	Ceiling Closure Frame - Used with drywall or wood ceilings. Provides 2" trim finish for projector opening. Spring loaded and fully adjustable. <u>Note:</u> EBR is recommended for installations with restricted access.	\$488.00
OPT-1L	Lipless Ceiling Closure Frame - Provides minimal seam around projector opening for drywall or wood ceilings. Spring loaded and fully adjustable. <u>Note:</u> EBR is recommended for installations with restricted access.	\$488.00
OPT-1L-2X2	2' x 2' Lipless Ceiling Closure Frame for LCD-100 series only - Maximum projector size: 19" x 19" (including lens). Provides minimal seam around projector opening for drywall or wood ceilings. Spring loaded and fully adjustable. <u>Note:</u> EBR is recommended for installations with restricted access.	\$488.00
EBR	Emergency Brake Release. Lowers lift for service access. Recommended when access to a retracted lift is restricted i.e., drywall. <b>Must be purchased at the same time as the lift.</b>	\$215.00

OPT-3	<b>Plenum Rated Housing With Closure Frame</b> - Provides enclosure to meet most air plenum ceiling area needs. 2" trim finish for projector opening. Includes ceiling closure, spring loaded and fully adjustable.	\$1,266.00
OPT-3L	<b>Plenum Rated Housing With Lipless Closure Frame</b> - Provides enclosure to meet most air plenum ceiling area needs. Provides minimal seam around projector opening. Includes ceiling closure, spring loaded and fully adjustable.	\$1,266.00
OPT-3L-2x2	<b>2' x 2' Plenum Rated Housing With Lipless Closure Frame for LCD-100 series only</b> - Maximum projector size: 19" x 19" (including lens). Provides enclosure to meet most air plenum ceiling area needs. Provides minimal seam around projector opening. Includes ceiling closure, spring loaded and fully adjustable.	\$1,266.00
OPT-4	<b>Non-Plenum Rated Housing With Closure Frame</b> - Support framework and closure frame for drop tile ceilings with non-plenum requirements. 2" trim finish for projector opening. Includes ceiling closure, spring loaded and fully adjustable.	\$748.00
OPT-4L	<b>Non-Plenum Rated Housing With Lipless Closure Frame</b> - Support framework and closure frame for drop tile ceilings with non-plenum requirements. Provides minimal seam around projector opening. Includes ceiling closure, spring loaded and fully adjustable.	\$748.00
OPT-4L-2x2	<b>2' x 2' Non-Plenum Rated Housing With Lipless Closure Frame for LCD-100 series only</b> - Maximum projector size: 19" x 19" (including lens). Support framework and closure frame for drop tile ceilings with non-plenum requirements. Provides minimal seam around projector opening. Includes ceiling closure, spring loaded and fully adjustable.	\$748.00
OPT-5	<b>Bomb Bay Door</b> ceiling closure system - Provides support framework and dual opening doors for non-plenum applications.	\$1,421.00
OPT-9	<b>RS-232</b> Serial control interface - allows for unlimited show positions when using a third party control system (Crestron/AMX).	\$300.00
OPT-11-A	<b>Cable Pre Wire</b> Prewire of any LCD-100 or DL-3B series projector lift with control, signal and power cabling.	\$572.00
OPT-11-B	<b>Cable Pre Wire</b> Prewire of DL3W series projector lift with control, signal and power cabling.	\$1,145.00
OPT-11-D	<b>Cable Pre Wire</b> Prewire of IBL series projector lift with control, signal and power cabling.	\$357.00
PCS-02	<b>Power Current Sensor</b> Ultra sensitive current sensing of projectors and display panels. 110V. Provides contact closure out.	\$111.00
REM-IR	<b>Wireless Infrared Remote control</b> May be used with any motorized DDI product.	\$285.00
REM-RF	<b>Wireless Radio Frequency Remote control</b> May be used with any motorized DDI product.	\$357.00
WPR-L01-W	<b>Wall Plate Remote</b> panel for all DataLifts. Single gang white	\$75.00
WPR-L01-B	<b>Wall Plate Remote</b> panel for all DataLifts. Single gang black	\$75.00
WPR-L01-S	<b>Wall Plate Remote</b> panel for all DataLifts. Single gang brushed steel	\$75.00
REM-L19-RM	<b>Rack mount Panel Remote</b> wired control panel for all DataLifts. 1.75" x 19" EIA. Black	\$75.00
REM-L02-WLKY-W	<b>Locking Wall Plate Remote</b> wired control panel with security key lock. 2 gang, white	\$115.00
REM-L02-WLKY-B	<b>Locking Wall Plate Remote</b> wired control panel with security key lock. 2 gang, black	\$115.00
REM-L02-WLKY-S	<b>Locking Wall Plate Remote</b> wired control panel with security key lock. 2 gang, brushed steel	\$115.00
SPK-DL	<b>Spare Parts Kit - for projector lift.</b> includes control electronics, timing sprocket, limit switches, multimeter, motor control box	\$775.00
<b>Model #</b>	<b>Motorized Rotation Option for Projector Lift</b>	<b>List</b>
EMRCM	<b>Electronic Motorized Rotating Ceiling Mount</b> Provides optional rotational positioning of a projector in addition to elevation. Includes programmable control panel with contact closure control port to allow two programmable vertical and rotational show positions. Weight capacity of 40 lbs. 110V/220V. <b>Specify model # of lift.</b>	\$2,575.00
<b>Model #</b>	<b>Full Motorized Positioning of Projected Image</b>	<b>List</b>
PX-5200	<b>Pyxis Dynamic Display System</b> Provides programmable positioning; Pan right-left, Tilt up-down, Zoom in-out and focus. Includes dual joystick control panel, wide range variable speed with 99 programmable preset storage. 5200 ANSI lumen light output. RS-485/232 and DMX control. RGBHV, composite NTSC/PAL video inputs. Provides unique continuous rotational positioning.	\$30,000.00
<b>Model #</b>	<b>USD Series Projector Lifts (25 # capacity)</b>	<b>List</b>
USD-100	<b>Small projector UPlift</b> with 10.5" of vertical travel. Provided standard with handheld wired remote and dry contact closure interface, <b>40 lb weight capacity (including projector and table closure panel)</b> . 110V/220V	\$1,575.00
<b>Model #</b>	<b>Motorized Rotation of Projected Image</b>	<b>List</b>
MRCM	<b>Motorized Rotating Ceiling Mount</b> Rotates display product to two programmable show positions. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 110V. Optional wall mounted remotes available.	\$1,440.00
PLMT-A1	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 1' to 2'.	\$115.00
PCM-2.0-xxx	<b>Standard Projector Ceiling Mount.</b> Provides 20° tilt, 10° pitch, 180° yaw with 250 Lb weight capacity. 2" diameter threaded flange. Specify projector make and model.	\$215.00

<b>MRCM 220V</b>	<b>Motorized Rotating Ceiling Mount</b> Rotates display product to two programmable show positions. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 220V. Optional wall mounted remotes available.	\$1,440.00
<b>iMRCM</b>	<b>Infinite Motorized Rotating Ceiling Mount</b> Continuous rotation of flat panel displays. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 360 degree rotation.	\$2,650.00
<b>WPR-M01-W</b>	<b>Wall Plate Remote</b> panel for MRCM. Single gang white.	\$75.00
<b>WPR-M01-B</b>	<b>Wall Plate Remote</b> panel for MRCM. Single gang black.	\$75.00
<b>WPR-M01-S</b>	<b>Wall Plate Remote</b> panel for MRCM. Single gang brushed steel .	\$75.00
<b>REM-M19-RM</b>	<b>Rack mount Panel Remote</b> wired control panel for MRCM. 1.75" x 19" EIA. Black	\$75.00
<b>REM-M02-WLKY-W</b>	<b>Locking Wall Plate Remote</b> wired control panel for MRCM with security key lock. 2 gang, white	\$115.00
<b>REM-M02-WLKY-B</b>	<b>Locking Wall Plate Remote</b> wired control panel for MRCM with security key lock. 2 gang, black	\$115.00
<b>REM-M02-WLKY-S</b>	<b>Locking Wall Plate Remote</b> wired control panel for MRCM with security key lock. 2 gang, brushed steel	\$115.00
<b>Model #</b>	<b>Microphone Lifts &amp; Flips</b>	<b>List</b>
<b>ML-8sBK</b>	<b>Microphone Lift System</b> - lowers microphone down 8' with a programmable stop point. 110V/220V, 4 oz weight capacity, dry contact closure, XLR-F audio connection, hand-held hardwired remote control. <b>BLACK</b> cable, mic not included - Integration of your microphone at <b>NO CHARGE</b> .	\$1,780.00
<b>ML-8sBG</b>	<b>Microphone Lift System</b> - lowers microphone down 8' with a programmable stop point. 110V/220V, 4 oz weight capacity, dry contact closure, XLR-F audio connection, hand-held hardwired remote control. <b>BEIGE</b> cable, mic not included - Integration of your microphone at <b>NO CHARGE</b> .	\$1,780.00
<b>ML-25sBK</b>	<b>Microphone Lift System</b> - lowers microphone down 25' with a programmable stop point. 110V/220V, 4 oz weight capacity, dry contact closure, XLR-F audio connection, hand-held hardwired remote control. <b>BLACK</b> cable, mic not included - Integration of your microphone at <b>NO CHARGE</b> .	\$2,125.00
<b>ML-25sBG</b>	<b>Microphone Lift System</b> - lowers microphone down 25' with a programmable stop point. 110V/220V, 4 oz weight capacity, dry contact closure, XLR-F audio connection, hand-held hardwired remote control. <b>BEIGE</b> cable, mic not included - Integration of your microphone at <b>NO CHARGE</b> .	\$2,125.00
<b>ML-EX</b>	<b>Collar Extender</b> Kit for microphone retraction column on ML-8s 7 ML-25s. Adds 1.38" vertical to the column per EX kit.	\$36.00
<b>MFD-50</b>	<b>Microphone Flipation Device. Manual</b> Flipation of boundry microphone from table surface. Allows mic to disappear below table when not in use. Mic not included. Installation requires skilled mill work.	\$575.00
<b>MFD-100</b>	<b>Microphone Flipation Device. Motorized</b> Flipation of boundry microphone from table surface. Allows mic to disappear below table when not in use. 110V/220V, dry contact closure, hand-held hardwired remote control included. Mic not included. Installation requires skilled mill work.	\$860.00
<b>Model #</b>	<b>Sound Enclosures</b>	<b>List</b>
<b>SE-B1</b>	<b>Sound Enclosure</b> for small sized video projectors. Maximum projector size: 19"W x 19"L x 11"D. Fits into 2' x 2' drop tile style ceilings to isolate cooling fan noise from viewers. Includes optical glass projection port, programmable cooling system and UL rated fire dampers. <b>Requires PCM-###</b> mount. 110V/220V. OPT15 enhanced electronics available.	\$1,650.00
<b>SE-B2</b>	<b>Sound Enclosure</b> for mid-sized video projectors. Maximum projector size: 19"W x 31"L x 11"D. Fits into 2' x 3' drop tile style ceilings to isolate cooling fan noise from viewers. Includes optical glass projection port, programmable cooling system and UL rated fire dampers. <b>Requires PCM-###</b> mount. 110V/220V. OPT15 enhanced electronics available.	\$1,900.00
<b>SE-B3</b>	<b>Sound Enclosure</b> for video projectors. Maximum projector size: 23"W x 29"L x 11"D. To isolate cooling fan noise from viewers. Includes optical glass projection port, programmable cooling system and UL rated fire dampers. <b>Requires PCM-###</b> mount. 110V/220V. OPT15 enhanced electronics available.	\$2,075.00

<b>SE-BXL</b>	<b>Sound Enclosure</b> for mid-sized video projectors. Maximum projector size: 33"W x 42"L x 15"D. Fits into drop tile style ceilings to isolate cooling fan noise from viewers. Includes optical glass projection port, programmable cooling system, OPT15 and UL rated fire dampers. Requires PCM-## mount. 110V/220V	\$3,670.00
<b>SE-B5s</b>	<b>Sound Enclosure</b> for Soffit Application no projector lift. Maximum projector size: 22"W x 25"D x 10"H. Designed to integrate into a soffit with Intake and Exhaust ports on the sides. Includes optical glass projection port. Requires PCM-xxx mount. 110V/220V. RS-232 and Remote Temperature Probe included.	\$2,200.00
<b>SE-B6s</b>	<b>Sound Enclosure</b> for Soffit Application and LCD-104 (not included) projector lift. Maximum projector size: 20"W x 22"D x 10"H. Designed to integrate into a soffit with Intake and Exhaust ports on the sides. Includes optical glass projection port. Requires LCD-104 or PCM-xxx mount. 110V/220V. RS-232 and Remote Temperature Probe included.	\$2,200.00
<b>SE-B10s</b>	<b>Sound Enclosure</b> for Soffit Application and DL3W-12 (not included) projector lift. Maximum projector size: 30"W x 48"D x 20"H. Designed to integrate into a soffit with Intake and Exhaust ports on the sides. Includes optical glass projection port and RS-232 com port. Requires DL3W-12 or PCM-xxx mount. 110V/220V. OPT15 enhanced electronics included.	\$4,355.00
<b>SE-TR 2X2</b>	<b>Trim Ring for Sound Enclosure</b> - attaches to lower cavity - extends 1.5" from side of enclosure to hid any seams around enclosure for 2' x 2' size.	\$150.00
<b>SE-TR 2X3</b>	<b>Trim Ring for Sound Enclosure</b> - attaches to lower cavity - extends 1.5" from side of enclosure to hid any seams around enclosure for 2' x 3' size.	\$150.00
<b>OPT-15</b>	<b>Enhanced Electronics</b> for SE-B1 or SE-B2. Adds RS-232 I/O, programmable audible alarm, external temperature motion and enclosure-open sensors.	\$275.00
<b>Model #</b>	<b>Digital Signage Products</b>	<b>List</b>
<b>iMRCM</b>	<b>Continuous Motorized Rotating Ceiling Mount</b> Rotates flat panel displays with uninterrupted signal connection. Cannot be used on lift. Contact closure remote port. Requires DDI 2" and flat panel mounts to complete system. 110V/220V, 250 lb capacity. Optional multiple display mount; contact our sales department.	\$2,650.00
<b>PE-AC-20P/L</b>	<b>Panel Enclosure for 20" Display</b> Specify Portrait or Landscape mode. Steel enclosure with poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Specify make & model display. Designed for temperature range 35°-	\$3,685.00
<b>PE-42P</b>	<b>Panel Enclosure for 42" Display</b> Portrait mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Louvered / filtered intake and exhaust ports with thermostatically controlled circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110 / 220V. Specify make & model display. Designed for temperature range 35°-90° F.	\$4,750.00
<b>PE-42L</b>	<b>Panel Enclosure for 42" Display</b> Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Louvered / filtered intake and exhaust ports with thermostatically controlled circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110 / 220V. Specify make & model display. Designed for temperature range 35°-90° F.	\$4,750.00
<b>PE-50P</b>	<b>Panel Enclosure for 50" Display</b> Portrait mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Louvered / filtered intake and exhaust ports with thermostatically controlled circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-90° F.	\$5,655.00
<b>PE-50L</b>	<b>Panel Enclosure for 50" Display</b> Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Louvered / filtered intake and exhaust ports with thermostatically controlled circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-90° F.	\$5,655.00
<b>PE-AC-42P/L</b>	<b>Panel Enclosure for 42" Display</b> Specify Portrait or Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-105° F. Optional Heat	\$7,015.00
<b>PE-AC-50P/L</b>	<b>Panel Enclosure for 50" Display</b> Specify Portrait or Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-105° F. Optional Heat	\$7,920.00
<b>PE-ACX-42P/L</b>	<b>Panel Enclosure for 42" Display</b> Specify Portrait or Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-115° F. Optional Heat	\$7,565.00
<b>PE-ACX-50P/L</b>	<b>Panel Enclosure for 50" Display</b> Specify Portrait or Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-115° F. Optional Heat	\$8,470.00

PE-ACX-61P/L	<b>Panel Enclosure for 61" Display</b> Specify Portrait or Landscape mode. Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for 1 RU EIA accessory. 110/220V. Specify make & model display. Designed for temperature range 35°-115° F. Optional Heat.	\$12,840.00
OPT-Heat	<b>Heating Sub System</b> Provides heating to any PE-AC or PE-ACX Panel Enclosure. Designed to elevate interior temperature up to panel's proper operating range.	\$715.00
OPT-ACCR	<b>Corrosion resistant package for NEMA 4</b> - option for PE-AC and PE-ACX. Recommended for ocean air environments	\$1,045.00
PE-Ped-42 P/L	<b>Pedestal for PE-42</b> with base - same dimensional as enclosure accessories to your specification. Heavy gauge steel construction, access door, floor base. <b>Specify required height.</b>	\$372.00
PE-Ped-50 P/L	<b>Pedestal for PE-50</b> with base - same dimensional as enclosure accessories to your specification. Heavy gauge steel construction, access door, floor base. <b>Specify required height.</b>	\$435.00
OPT-SS	<b>Sunshield</b> Provides air space on top and sides of enclosure - reduces solar heat loading.	\$115.00
Custom	<b>Pedestal, ceiling and other mounting</b> accessories to your specification. Please contact our sales department.	quote
<b>Model #</b>	<b>Vextor Camera Pan / Tilt System</b>	<b>List</b>
<b>Remote Controlled Pan Tilt Heads</b>		
VX-mini3	<b>Light Duty Indoor Integrated Camera / Pan Tilt Head.</b> Variable speed/Vector solving motion. Internal nonvolatile preset memory. RS-485 / 232 control protocol. Advanced HAD 3 chip Component, Composite and RGB video out.	August 2005
VX-50	<b>Light duty Indoor Pan Tilt Head.</b> 6 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 / 232 control protocol. Stylish black finish. Composite vid out.	\$2,540.00
VX-50-C	<b>Light duty Indoor Pan Tilt Head.</b> 6 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 / 232 control protocol. Stylish black finish. Component vid out.	\$2,625.00
VX-50-SDI	<b>Light duty Indoor Pan Tilt Head.</b> 6 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 / 232 control protocol. Stylish black finish. SDI video out.	\$3,685.00
VX-101	<b>Medium duty Indoor Pan Tilt Head.</b> 14 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 / 232 control. Stylish black finish. *Requires Telecon lens. Composite vid out.	\$4,255.00
VX-101-C	<b>Medium duty Indoor Pan Tilt Head.</b> 14 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 / 232 control. Stylish black finish. *Requires Telecon lens. Component vid out.	\$4,340.00
VX-101-SDI	<b>Medium duty Indoor Pan Tilt Head.</b> 14 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 / 232 control. Stylish black finish. *Requires Telecon lens. Digital vid out.	\$5,400.00
VX-220	<b>Heavy duty Indoor Pan Tilt Head.</b> 40 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 control protocol. Stylish black finish. *Requires Telecon lens. Composite vid out.	\$4,700.00
VX-300	<b>Heavy duty Indoor / Outdoor Pan Tilt Head.</b> Requires Environmental Enclosure (see Accessories) for outdoor applications. 50 Lb. weight capacity. Variable speed/Vector solving motion. Internal nonvolatile preset memory. Integrated 12VDC out f/ cam. RS-485 control protocol. *Requires Telecon lens. Composite vid out.	\$5,410.00
<b>Pan Tilt / Camera Controllers</b>		
VXC-55	<b>Desktop Joystick Pan Tilt Control Panel.</b> Control up to 8 Pan Tilt Heads. Recall up to 20 Presets per head. Proportional Speed control. Proportional toggle zoom and twist focus control. *Provides basic CCU functionality for select cameras with CCB option.	\$1,950.00
VXC-101	<b>Desktop Dual Joystick Control Panel</b> (pan / tilt & zoom / focus). Control up to 32 Pan Tilt Heads. Recall up to 64 Presets per head. Proportional Speed control with 3 speed ranges. Alpha-numeric display. RS-485 control protocol.	\$1,600.00
VX-CCU	<b>Desktop Camera Control Unit</b> for control of up to 32 cameras. Requires VXC-101 and 1 ea. VX-CCB per camera head. *Level of CCU functionality depends upon make & model camera.	\$1,120.00
VX-CCB	<b>Camera Control Board.</b> Installs within VX-220 / VX-300 to provide CCU communication between camera and VX-CCU. *Level of CCU functionality depends upon make & model camera.	\$525.00
VX-CCB-50	<b>Camera Control Board.</b> Installs within VX-50 to provide CCU communication between camera and VX-CCU. *Level of CCU functionality depends upon make & model camera.	\$215.00
VX-CCB-101	<b>Camera Control Board.</b> Installs within VX-101 to provide CCU communication between camera and VX-CCU. *Level of CCU functionality depends upon make & model camera.	\$215.00
VXC-500TS	<b>Dual Joystick Control with Color Touch screen Panel</b> (pan/tilt & zoom/focus). Control up to 125 Pan Tilt Heads and Cam CCU functions w/ opt. VX-CCB. Proportional speed control. RS-485 control. *Level of CCU functionality depends upon make & model camera.	\$4,435.00
<b>Accessories- Power Supplies</b>		

<b>PS-24-2.5</b>	<b>Power Supply.</b> 24VDC / 3.0A Use with single VX-50 or VX-101 w/ camera.	\$230.00
<b>PS-24-6.5</b>	<b>Power Supply.</b> 24VDC / 6.5A. Use with single VX-101 / VX-220 w/ camera.	\$340.00
<b>PS-24-12</b>	<b>Power Supply.</b> 24VDC / 12.0A; 4 outputs of 3A / each. Use with 4ea VX-50 or VX-101's w/cameras	\$540.00
<b>PS-24-6.5E</b>	<b>Power Supply w/ NEMA 4X Outdoor Enclosure.</b> 24VDC / 6.5A. Use with VX-300 w/ camera.	\$520.00
<b>PS-24-20</b>	<b>Power Supply.</b> 24VDC / 20A. Use with large Multi-Head systems.	\$855.00
<b>Accessories- Mounts</b>		
<b>VX-CM-50</b>	<b>Ceiling Mount</b> for VX-50	\$130.00
<b>VX-CM-101</b>	<b>Ceiling Mount</b> for VX-101	\$130.00
<b>VX-WM-12</b>	<b>Wall Mount</b> for VX-50. 12" long.	\$122.00
<b>VX-WM-18</b>	<b>Wall Mount</b> for VX-101, VX-220. 18" long w/diagonal brace.	\$122.00
<b>VX-PM-24</b>	<b>Parapet Mount</b> for VX-300 for outdoor applications.	\$385.00
<b>Accessories- Environmental, Control</b>		
<b>VX-SS</b>	<b>Shot box</b> for recording and replaying live action camera moves	\$925.00
<b>VX-EE-S</b>	<b>Environmental Camera Enclosure</b> for small camera-lens combinations. Includes sun shield, blower and lock. Specify camera & lens to confirm fit. Requires 110VAC power	\$635.00
<b>VX-EE-L</b>	<b>Environmental Camera Enclosure</b> for larger camera-lens combinations. Includes sun shield, blower and lock. Specify camera & lens to confirm fit. Requires 110VAC power	\$910.00
<b>VX-EE-HTR</b>	<b>Heater option</b> for VX-Environmental Enclosures.	\$270.00
<b>VX-EE-DEF</b>	<b>Defroster / Defogger option</b> for VX-Environmental Enclosures.	\$135.00
<b>VX-1x6</b>	<b>Control + DC Power splitter.</b> Provides convenient termination / distribution of serial control and 24VDC power to up to six locations.	\$210.00
<b>VX-REL-8</b>	<b>8 Control Relays (NO-NC)</b> with remote serial control. Provides remote On/Off of microwave or other options.	\$480.00
<b>VX-MUX-6</b>	<b>Control Signal Multiplexer.</b> Allows up to 5 VX Controllers on one RS-485 network.	\$1,125.00
<b>Model #</b>	<b>Specialized Connectors</b>	<b>List</b>
<b>4-40</b>	<b>S-Video BreakThrough</b> S-Video chassis mount to (2) BNC female - 1 to 24 quantity	\$19.50
<b>4-40</b>	<b>S-Video BreakThrough</b> S-Video chassis mount to (2) BNC female - 25 to 49 quantity	\$19.50
<b>4-40</b>	<b>S-Video BreakThrough</b> S-Video chassis mount to (2) BNC female - 50 to 99 quantity	\$19.50
<b>4-40</b>	<b>S-Video BreakThrough</b> S-Video chassis mount to (2) BNC female - 100+ quantity	\$19.50
<b>15-50</b>	<b>15 Pin BreakThrough</b> HD15p female chassis mount to (5) BNC female - 1 to 24 quantity	\$48.00
<b>15-50</b>	<b>15 Pin BreakThrough</b> HD15p female chassis mount to (5) BNC female- 25 to 49 quantity	\$48.00
<b>15-50</b>	<b>15 Pin BreakThrough</b> HD15p female chassis mount to (5) BNC female- 50 to 99 quantity	\$48.00
<b>15-50</b>	<b>15 Pin BreakThrough</b> 15PHD chassis to (5) BNC - 100+ quantity	\$48.00
<b>PCS-02</b>	<b>Power Current Sensor</b> for projectors and Plasma Displays, 110V only	\$111.00
<b>Model #</b>	<b>Stock Wall Plates</b>	<b>List</b>
<b>10-03-A</b>	<b>Single Gang Wall Plate,</b> 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors	\$24.75
<b>10-03-W</b>	<b>Single Gang Wall Plate,</b> Embossed Steel White w/ black text. Includes1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors	\$24.75
<b>10-03-B</b>	<b>Single Gang Wall Plate,</b> Embossed Steel Black w/ white text. Includes1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors	\$24.75
<b>10-03-S</b>	<b>Single Gang Wall Plate,</b> Embossed Steel Silver w/ black text. Includes1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors	\$24.75
<b>10-53-A</b>	<b>Single Gang Wall Plate,</b> 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors	\$74.50
<b>10-53-W</b>	<b>Single Gang Wall Plate,</b> Embossed Steel White w/ black text. Includes1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors	\$74.50
<b>10-53-B</b>	<b>Single Gang Wall Plate,</b> Embossed Steel Black w/ white text. Includes1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors	\$74.50
<b>10-53-S</b>	<b>Single Gang Wall Plate,</b> Embossed Steel Silver w/ black text. Includes1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors	\$74.50
<b>10-04-A</b>	<b>Single Gang Wall Plate,</b> 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes1) BNC pass-thru and 2) RCA solder-back connectors	\$19.25
<b>10-04-W</b>	<b>Single Gang Wall Plate,</b> Embossed Steel White w/ black text. Includes1) BNC pass-thru and 2) RCA solder-back connectors	\$19.25
<b>10-04-B</b>	<b>Single Gang Wall Plate,</b> Embossed Steel Black w/ white text. Includes1) BNC pass-thru and 2) RCA solder-back connectors	\$19.25
<b>10-04-S</b>	<b>Single Gang Wall Plate,</b> Embossed Steel Silver w/ black text. Includes1) BNC pass-thru and 2) RCA solder-back connectors	\$19.25
<b>10-05-A</b>	<b>Single Gang Wall Plate,</b> 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-05-W</b>	<b>Single Gang Wall Plate,</b> Embossed Steel White w/ black text. Includes1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50

<b>10-05-B</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-05-S</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-55-A</b>	<b>Single Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-55-W</b>	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-55-B</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-55-S</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-07-A</b>	<b>Single Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-07-W</b>	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-07-B</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-07-S</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.50
<b>10-57-A</b>	<b>Single Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) DDI HD-15p VGA BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-57-W</b>	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) DDI HD-15p VGA BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-57-B</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) DDI HD-15p VGA BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-57-S</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) RCA pass-thru, 2) RCA solder-back, 1) DDI HD-15p VGA BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$81.95
<b>10-08-A</b>	<b>Single Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$47.00
<b>10-08-W</b>	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$47.00
<b>10-08-B</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$47.00
<b>10-08-S</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$47.00
<b>10-58-A</b>	<b>Single Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$96.60
<b>10-58-W</b>	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$96.60
<b>10-58-B</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$96.60
<b>10-58-S</b>	<b>Single Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) S-VHS pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$96.60

20-03-A	<b>Double Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.95
20-03-W	<b>Double Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.95
20-03-B	<b>Double Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.95
20-03-S	<b>Double Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$34.95
20-53-A	<b>Double Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$84.50
20-53-W	<b>Double Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$84.50
20-53-B	<b>Double Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$84.50
20-53-S	<b>Double Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) BNC pass-thru, 2) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$84.50
20-04-A	<b>Double Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 6) BNC pass-thru, 1) 3.5mm mini stereo solder-back and 2) RCA solder-back connectors	\$46.95
20-04-W	<b>Double Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 6) BNC pass-thru, 1) 3.5mm mini stereo solder-back and 2) RCA solder-back connectors	\$46.95
20-04-B	<b>Double Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 6) BNC pass-thru, 1) 3.5mm mini stereo solder-back and 2) RCA solder-back connectors	\$46.95
20-04-S	<b>Double Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 6) BNC pass-thru, 1) 3.5mm mini stereo solder-back and 2) RCA solder-back connectors	\$46.95
20-05-A	<b>Double Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$55.50
20-05-W	<b>Double Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$55.50
20-05-B	<b>Double Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$55.50
20-05-S	<b>Double Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) HD-15p VGA pass-thru and 1) 3.5mm mini stereo solder-back connectors.	\$55.50
20-55-A	<b>Double Gang Wall Plate</b> , 1/8" Aluminum w/ Brushed Alum-Look Vinyl face. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$105.00
20-55-W	<b>Double Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$105.00
20-55-B	<b>Double Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) DDI HD-15p BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$105.00
20-55-S	<b>Double Gang Wall Plate</b> , Embossed Steel Silver w/ black text. Includes 1) BNC pass-thru, 1) S-Video solder-back, 4) RCA solder-back, 1) HD-15p VGA BreakThrough and 1) 3.5mm mini stereo solder-back connectors.	\$105.00
10-21-W	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1 pair) Gold speaker Binding Posts for up to 5 AWG or banana plug.	\$45.00
10-21-B	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1 pair) Gold solder-back speaker Binding Posts for up to 5 AWG or banana plug.	\$45.00
10-22-W	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) Gold S-Video pass-thru and 3) Gold RCA pass-thru connectors.	\$50.60
10-22-B	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) Gold S-Video pass-thru and 3) Gold RCA pass-thru connectors.	\$50.60

10-23-W	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) DDI S-Video BreakThrough and 3) Gold RCA pass-thru connectors.	\$61.80
10-23-B	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) DDI S-Video BreakThrough and 3) Gold RCA pass-thru connectors.	\$61.80
10-24-W	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 3) Gold RCA pass-thru connectors.	\$32.50
10-24-B	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 3) Gold RCA pass-thru connectors.	\$32.50
20-25-W	<b>Double Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) Gold RCA pass-thru connector and 5 pair) Gold solder-back speaker Binding Posts for up to 5 AWG or banana plug.	\$125.50
20-25-B	<b>Double Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) Gold RCA pass-thru connector and 5 pair) Gold solder-back speaker Binding Posts for up to 5 AWG or banana plug.	\$125.50
10-26-W	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) RF pass-thru and 1) RJ-11 connectors.	\$30.00
10-26-B	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) RF pass-thru and 1) RJ-11 connectors.	\$30.00
10-27-W	<b>Single Gang Wall Plate</b> , Embossed Steel White w/ black text. Includes 1) Gold RCA pass-thru connector.	\$28.00
10-27-B	<b>Single Gang Wall Plate</b> , Embossed Steel Black w/ white text. Includes 1) Gold RCA pass-thru connector.	\$28.00
CJ-10	<b>Conjunction Junction</b> - surface mounted 10.5" wide Wall Plate mount for lecterns, tabletops, desks or other surfaces where control and/or connection plates are needed. Black powder coat finish. Includes (1) set of blank panel inserts	\$140.00
CP-001	<b>C Port</b> Retaining plate for VGA cable - for installation in lectern or table. For easy access to interconnect laptop computer	\$60.00
CC-BNC5	<b>Color Coded BNC Isolators</b> Specify color: Red, Green, Blue, White, Yellow, Black - packs of 50 washers	\$7.50

Model #	<b>Large Flat Panel Display Wall Mounts</b>	<b>List</b>
PWM-xxx	Flat Panel Wall Mount System includes mounting rails and flat panel mount. Specify display make and model: 30 - 63" display panels.	\$235.00
PWM-T-xxx	Flat Panel Wall Mount with Tilt System includes mounting rails, tilt assembly and flat panel mount. Specify display make and model: 30 - 63" display panels.	\$345.00
PWM-WR-xxx	Wire Rope Flat Panel Wall Mount - System includes flat panel mount and 3/32" wire rope hardware. User must provide structural attachment and 3/32" wire rope. Specify display make and model: 30 - 63" display panels.	\$325.00
PWM-AA12-xxx	Flat Panel Articulating Wall Mount 12" extension Compact design, 250 Lb capacity. Includes mounting plate, articulating assembly and display panel mount. Specify display make and model: 30 - 63" display panels.	\$822.00
PWM-AA25-xxx	Flat Panel Articulating Wall Mount 25" extension Compact design, 250 Lb capacity. Includes mounting plate, articulating assembly and display panel mount. Specify display make and model: 30 - 63" display panels.	\$822.00
RBW-001b	RackBack Wall Mount. 1 RU EIA 19" chassis to rack mount equipment behind a flat panel display, includes 2 security covers.	\$245.00
RBW-002b	RackBack Wall Mount 2 RU EIA 19" chassis to rack mount equipment behind a flat panel display, includes 2 security covers.	\$260.00
UPM-x	Universal Flat Panel Wall Mount System includes mounting rails and flat panel mount. For most 32" - 63" Flat Panel Displays. Specify color: (B)Black or (S)Silver.	\$235.00
UPMT-x	Universal Flat Panel Wall Mount with Tilt System includes mounting rails, tilt assembly and flat panel mount. For most 32" - 63" Flat Panel Displays. Specify color: (B)Black or (S)Silver.	\$345.00
PLMT-WA	Pole Mount Wall Arm Arm mounts to wall provided with 2" threaded collar. Mounts displays 7" from wall. Pole and SPD required to complete system.	\$98.00
MRWM	Motorized Rotating Wall Mount for Small sized Flat Panel Displays Rotates from Landscape to Portrait mode. System includes wall mounting rails and motorized rotation. Operates via contact closure. Includes positional feedback. 90 pound weight capacity, specify display make and model.	\$1,650.00
OPT-9	RS-232 Serial control interface - allows for variable speed when using a third party control system (Crestron/AMX).	\$300.00
iMRWM	Intelligent Motorized Rotating Wall Mount for Small sized Flat Panel Displays. Continuous Rotation through Landscape, Portrait orientation and beyond. System includes wall mounting rails and continuous rotation. Operates via contact closure or RS-232 serial control of direction, position, and speed. 90 pound weight capacity, specify display make and model.	\$2,950.00
OPT-DMX	DMX Serial control interface - Replaces RS-232	\$300.00
Model #	<b>VESA 75 - 100mm Display Panel Wall Mounts</b>	<b>List</b>
VWM-01	Display Panel Wall Mount for VESA 75mm and 100mm standard. Provides Up - Down tilt only. Specify display make and model: 12 - 25" display panels.	\$70.00
VWM-02	Display Panel Wall Mount for VESA 75mm and 100mm standard. Provides Up - Down tilt and Right - Left pivot adjustments. Specify display make and model: 12 - 25" display panels.	\$80.00
VWM-03	Display Panel Wall Mount for VESA 75mm and 100mm standard. Provides Up - Down tilt and Right - Left pivot with single 6" extension arm adjustments. Specify display make and model: 12 - 25" display panels.	\$110.00
VWM-04	Display Panel Wall Mount for VESA 75mm and 100mm standard. Provides Up - Down tilt and Right - Left pivot with Dual 9" extension arm adjustments. Specify display make and model: 12 - 25" display panels.	\$135.00
Model #	<b>PowerPRO Flat Panel Ceiling Mounts</b>	<b>List</b>
PLMT-PP1	Pole Mount PowerPRO Provides Single 1G junction box on threaded collar for 2" pole. Includes 1) J-box with threaded conduit connection points for plenum applications.	\$199.00
PLMT-PP2	Pole Mount PowerPRO Provides Two 1G junction box on threaded collar for 2" pole. Includes 2 J-boxes: one duplex for 110V AC power and one empty for signal connection.	\$199.00
Model #	<b>Flat Panel Display Ceiling Mounts</b>	<b>List</b>
RB-001b	RackBack Mount 1 RU EIA 19" enclosed chassis to rack mount equipment behind a flat panel display, includes 2 security covers.	\$245.00
RB-002b	RackBack Mount 2 RU EIA 19" enclosed chassis to rack mount equipment behind a flat panel display, includes 2 security covers.	\$260.00
RCM	Rotating Ceiling Mount Manual rotation of display. Cannot be used on lift. Requires pole, PCM and PLMT-T / AA / U / C / CTP2X2 to complete system.	\$178.00

<b>PS-Kit</b>	<b>Pole Stabilizing Kit</b> Attaches to 2" pole to stabilize from three points of structural ceiling. Uses either wire rope, 3/8" threaded rod or 1" conduit supplied by installer.	\$178.00
<b>PSV-Kit</b>	<b>Pole Stabilizing / Anti-Vibration Kit.</b> Attaches to 2" pole to stabilize from three points of structural ceiling. Includes Anti-Vibration mounting points. Uses either wire rope, 3/8" threaded rod or 1" conduit supplied by installer.	\$320.00
<b>2-15</b>	<b>2" to 1.5" reducer</b> - allows DDI mounts to use a 1.5" pole (1.5" female to 2" male threads).	\$50.00
<b>15-2</b>	<b>1.5" to 2" collar</b> - allows PLMT-T / AA / U / C / CTP2X2 to be used with 1.5" poles (2" female to 1.5" male threads)	\$50.00
<b>CTR-2-W</b>	<b>Ceiling Trim Ring</b> Magnetic escutcheon ring for 2" pole. White finish.	\$18.00
<b>CTR-2-B</b>	<b>Ceiling Trim Ring</b> Magnetic escutcheon ring for 2" pole. Black finish.	\$18.00
<b>CTR-2-P</b>	<b>Ceiling Trim Ring</b> Magnetic escutcheon ring for 2" pole. Primer finish.	\$18.00
<b>CTP-2x2</b>	<b>Ceiling Tile Panel</b> for stationary mounting of projectors and PDP's. Provides versatile mounting positions in 2 ft. X 2 ft. drop tile. Requires pole and mount to complete system.	\$195.00
<b>PLMT-T</b>	<b>Pole Mount Top Panel</b> Mounting Panel with threaded collar for 2" pole. Attaches to structural ceiling. Requires pole and PCM mounting adapter to complete system.	\$71.00
<b>PLMT-VIT</b>	<b>Pole Mount Top Panel w/ Vibration Isolation</b> Attaches to structural ceiling for isolation of 2" pole. Must be purchased with complete PLMT system.	\$135.00
<b>PLMT-AA</b>	<b>Pole Mount Angle Adapter.</b> Angled mounting panel with threaded collar for 2" pole. For cathedral style ceilings; 0° - 90°. Requires pole and PCM mounting adapter to complete system.	\$115.00
<b>MRCM</b>	<b>Motorized Rotating Ceiling Mount</b> Rotates display product to two programmable show positions. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 110V. Optional wall mounted remotes available.	\$1,440.00
<b>MRCM 220V</b>	<b>Motorized Rotating Ceiling Mount</b> Rotates display product to two programmable show positions. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 220V. Optional wall mounted remotes available.	\$1,440.00
<b>iMRCM</b>	<b>Continuous Motorized Rotating Ceiling Mount</b> Rotates flat panel displays with uninterrupted signal connection. Cannot be used on lift. Contact closure remote port. Requires DDI 2" and flat panel mounts to complete system. 110V/220V, 250 lb capacity. Optional multiple display mount: contact our sales department.	\$2,950.00
<b>WPR-M01-W</b>	<b>Wall Plate Remote</b> panel for iMRCM/MRCM. Single gang white.	\$75.00
<b>WPR-M01-B</b>	<b>Wall Plate Remote</b> panel for iMRCM/MRCM. Single gang black.	\$75.00
<b>WPR-M01-S</b>	<b>Wall Plate Remote</b> panel for iMRCM/MRCM. Single gang brushed steel .	\$75.00
<b>Model #</b>	<b>Flat Panel Display Ceiling Mounts</b>	<b>List</b>
<b>PLMT-T</b>	<b>Pole Mount Top Panel</b> Mounting Panel with threaded collar for 2" pole. Attaches to structural ceiling. Requires pole and PCM mounting adapter to complete system.	\$71.00
<b>PLMT-PP1</b>	<b>Pole Mount PowerPRO</b> Provides Single 1G junction box on threaded collar for 2" pole. Includes 1) J-box with threaded conduit connection points for plenum applications.	\$199.00
<b>PLMT-PP2</b>	<b>Pole Mount PowerPRO</b> Provides Dual 1G junction box on threaded collar for 2" pole. Includes 2 J-boxes: one duplex for 110V AC power and one empty for signal connection.	\$199.00
<b>PLMT-A1</b>	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 1' to 2'.	\$115.00
<b>PLMT-A2</b>	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 2' to 4'.	\$115.00
<b>PLMT-A3</b>	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 3' to 6'.	\$115.00
<b>PLMT-A4</b>	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 4' to 8'.	\$165.00
<b>PL-2.0-06</b>	<b>Six Inch Pole</b> 2" diameter x 6" long.	\$26.00
<b>PL-2.0 -SPEC</b>	<b>Fixed Pole Specific length</b> 2" diameter. Specify length and add \$4.50 per foot up to 10'	\$26.00
<b>PL-1.5 - SPEC</b>	<b>Fixed Pole Specific length</b> 1.5" diameter specify length and add \$4.50 per foot up to 10'	\$26.00
<b>PLMT-EX</b>	<b>Pole Mount Extender</b> Female to Female threaded collar to allow two 2" poles to be extended.	\$26.00
<b>SPD-xxx</b>	<b>Single Panel Display Pole Mount</b> assembly. Provides threaded collar for 2" pole with +/-15° tilt and includes flat panel mount. Landscape or Portrait mode. Specify display panel make and model.	\$390.00
<b>DPD-xxx</b>	<b>Dual Panel Display Pole Mount</b> assembly. Provides threaded collar for 2" pole with +/-15° tilt and includes (2) panel mounts. Landscape or Portrait mode. Specify display panel make and model.	\$635.00
<b>Model #</b>	<b>PlasmaCart</b>	<b>List</b>
<b>PDC-1</b>	<b>PlasmaCart.</b> Mobile Cart for Plasma Displays. Ultra sturdy pyramid design for all flat panel displays. 12" vertical adjustment. Requires PM-xxx to mount plasma display. Optional signal prewire.	\$970.00
<b>PDC-2</b>	<b>PlasmaCart - Dual Mount.</b> Mobile Cart for Plasma Displays. Ultra sturdy pyramid design for all flat panel displays. For mounting two flat panel displays stacked in landscape mode. 12" vertical adjustment. Requires two PM-xxx to mount plasma displays. Optional signal prewire.	\$1,250.00
<b>Model #</b>	<b>PowerPRO Projector Ceiling Mounts</b>	<b>List</b>

PLMT-PP1	<b>Pole Mount PowerPRO</b> Provides Single 1G junction box on threaded collar for 2" pole. Includes 1) J-box with threaded conduit connection points for plenum applications.	\$199.00
PLMT-PP2	<b>Pole Mount PowerPRO</b> Provides Two 1G junction box on threaded collar for 2" pole. Includes 2 J-boxes; one duplex for 110V AC power and one empty for signal connection.	\$199.00
<b>Model #</b>	<b>Projector Ceiling Mounts - Flex Mount</b>	<b>List</b>
PCMK-Flex-2.0	<b>Flexible Projector Ceiling Mount</b> Adjustable mounting arms and legs provide mounting of most projectors weighing 40 Lbs. and less. 20° tilt, 20° roll, 180° yaw. Includes 2" diameter threaded flange, ceiling plate and projector hardware kit.	\$240.00
PCMK-Flex-1.5	<b>Flexible Projector Ceiling Mount</b> Adjustable mounting arms and legs provide mounting of most projectors weighing 40 Lbs. and less. 20° tilt, 20° roll, 180° yaw. Includes 1.5" diameter threaded flange, ceiling plate and projector hardware kit.	\$240.00
<b>Model #</b>	<b>Projector Ceiling Mounts - traditional</b>	<b>List</b>
	<b>Lower Components</b>	
PCMK-2.0-xxx	<b>Knucklehead Ceiling Mount</b> for Small projectors. Provides 20° tilt, 20° pitch, 180° yaw with 40 lb capacity. Available for certain models only. Specify make / model#. Packaged with Ceiling Plate and 2" diameter threaded flange.	\$215.00
PCMK-1.5-xxx	<b>Knucklehead Ceiling Mount</b> for Small projectors. Provides 20° tilt, 20° pitch, 180° yaw with 40 lb capacity. Available for certain models only. Specify make / model#. Packaged with Ceiling Plate and 1.5" diameter threaded flange.	\$215.00
PCM-2.0-xxx	<b>Standard Projector Ceiling Mount.</b> Provides 20° tilt, 10° pitch, 180° yaw with 250 Lb weight capacity. 2" diameter threaded flange. Specify projector make and model.	\$215.00
PLMT-A1	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 1' to 2'.	\$115.00
PCM-1.5-xxx	<b>Standard Projector Ceiling Mount.</b> Provides 20° tilt, 10° pitch, 180° yaw with 250 Lb weight capacity. 1.5" diameter threaded flange. Specify projector make and model.	\$215.00
PCM-XYZ	<b>Projector Ceiling Mount.</b> Provides 20° tilt, 10° pitch, 180° yaw with 40 Lb weight capacity. 2" diameter threaded flange. Provides fine adjustment of X, Y and Z axis' (R-L, F-B, U-D) for edge blending applications. Specify projector make and model.	\$375.00
LS100-PCM-xxx	<b>Projector specific Motorized Lens Shutter</b> for blocking light from video projectors. Designed for pole mounted projector. Specify make & model projector and lens.	\$715.00
AT-PCM-xxx	<b>Anti-Theft Projector Ceiling Mount System</b> Includes active top pan, 6" pole and projector mounting system. Provides high output audible alarm (120db) with vibration sensor, projector presence sensor, electronic key, relay outputs and mechanical deterrence.	\$985.00
AT-LAN-PCM	<b>AntiTheft Mount with Ethernet I/O</b> port and Monitoring software package.	\$1,310.00
SC-PCM-xxx	<b>Security Cage/Projector Ceiling Mount</b> - cage surrounds projector for theft deterrence and physical protection. Includes 20° tilt, 10° pitch, 180° yaw. Specify make and model.	\$425.00
CamPan	<b>Camera Mount Panel</b> for mounting light-weight camera/pan/tilt on PLMT series pole mounts. Provides tilt adjustment, 20 lb. capacity. Specify make & model of camera system.	\$215.00
	<b>Middle Components / Accessories / 2" Poles</b>	
PLMT-PP1	<b>Pole Mount PowerPRO</b> Provides Single 1G junction box on threaded collar for 2" pole. Includes 1) J-box with threaded conduit connection points for plenum applications.	\$199.00
PLMT-PP2	<b>Pole Mount PowerPRO</b> Provides Dual 1G junction box on threaded collar for 2" pole. Includes 2 J-boxes; one duplex for 110V AC power and one empty for signal connection.	\$199.00
RCM	<b>Rotating Ceiling Mount.</b> Manual rotation of display. Cannot be used on lift. Requires pole 2", PCM and PLMT-T / AA / U / C / CTP2X2 to complete system.	\$178.00
PS-Kit	<b>Pole Stabilizing Kit</b> Attaches to 2" pole to stabilize from three points of structural ceiling. Uses either wire rope, 3/8" threaded rod or 1" conduit supplied by installer.	\$178.00
PSV-Kit	<b>Pole Stabilizing / Anti-Vibration Kit</b> Attaches to 2" pole to stabilize from three points of structural ceiling. Includes Anti-Vibration mounting points. Uses either wire rope, 3/8" threaded rod or 1" conduit supplied by installer.	\$320.00
PLMT-A1	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 1' to 2'.	\$115.00
PLMT-A2	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 2' to 4'.	\$115.00
PLMT-A3	<b>Pole Mount Adjustable Pole</b> 2 inch diameter, adjustable length of 3' to 6'.	\$115.00
PLMT-TP-A1	<b>Top Plate attached to Pole Mount Adjustable Pole Light duty</b> 2 inch diameter, adjustable length of 1' to 2'. 40 pound weight capacity. Requires PCM-2.0 or PCMK-2.0.	\$115.00
PLMT-TP-A2	<b>Top Plate attached to Pole Mount Adjustable Pole Light duty</b> 2 inch diameter, adjustable length of 2' to 4'. 40 pound weight capacity. Requires PCM-2.0 or PCMK-2.0.	\$115.00
PLMT-TP-A3	<b>Top Plate attached to Pole Mount Adjustable Pole Light Duty</b> 2 inch diameter, adjustable length of 3' to 6'. 40 pound weight capacity. Requires PCM-2.0 or PCMK-2.0.	\$115.00
PL-2.0-06	<b>Six Inch Pole</b> 2" diameter x 6" long.	\$26.00
PL-1.5-06	<b>Six Inch Pole</b> 1.5" diameter x 6" long.	\$26.00
PL-2.0 - SPEC	<b>Fixed Pole Specific length</b> 2" diameter. Specify length and add \$4.50 per foot up to 10'	\$26.00
PL-1.5 - SPEC	<b>Fixed Pole Specific length</b> 1.5" diameter specify length and add \$4.50 per foot up to 10'	\$26.00
PLMT-EX-2.0	<b>Pole Mount Extender</b> Female to Female threaded collar to allow two 2" poles to be extended.	\$26.00
2-15	<b>2" to 1.5"</b> reducer - allows PLMT-T / AA / U / C / CTP2X2 to be used with other manufacturers mounts (2" female to 1.5" male threads).	\$50.00
15-2	<b>1.5" to 2"</b> collar - allows DDI mounts to use a 1.5" pole (1.5" female to 2" male threads).	\$50.00

OS-4	<b>Offset Mount Adapter</b> 2" male to 2" female threaded coupler shifts stationary mounts 4" horizontally to avoid obstructions.	\$71.00
CTR-2-W	<b>Ceiling Trim Ring</b> Magnetic escutcheon ring for 2" pole. White finish.	\$18.00
CTR-2-B	<b>Ceiling Trim Ring</b> Magnetic escutcheon ring for 2" pole. Black finish.	\$18.00
CTR-2-P	<b>Ceiling Trim Ring</b> Magnetic escutcheon ring for 2" pole. Primer finish.	\$18.00
<b>Model #</b>	<b>Projector Ceiling Mounts</b>	<b>List</b>
	<b>Upper Components</b>	
CTP-2X2	<b>Ceiling Tile Panel</b> for stationary mounting of projectors and flat panel displays. Provides versatile mounting positions in 2 ft. X 2 ft. drop tile. 160 lb weight capacity. Requires 2" diameter pole and mount to complete system.	\$195.00
CTP-2X2 LD-2.0	<b>Ceiling Tile Panel-Light Duty</b> Provides stationary mounting of projectors. Provides versatile mounting positions in 2 ft. X 2 ft. drop tile. 50 lb. capacity. Requires 2" diameter pole and mount to complete system.	\$135.00
CTP-2X2 LD-1.5	<b>Ceiling Tile Panel-Light Duty</b> Provides stationary mounting of projectors. Provides versatile mounting positions in 2 ft. X 2 ft. drop tile. 50 lb. capacity. Requires 1.5" diameter pole and mount to complete system.	\$135.00
CTP-1X2 LD-2.0	<b>Ceiling Tile Panel-Light Duty</b> Provides stationary mounting of projectors. Provides versatile mounting positions directly above drop tile. 50 lb capacity. Requires 2" diameter pole and mount to complete system.	\$135.00
CTP-1X2 LD-1.5	<b>Ceiling Tile Panel-Light Duty</b> Provides stationary mounting of projectors. Provides versatile mounting positions directly above drop tile. 50 lb capacity. Requires 1.5" diameter pole and mount to complete system.	\$135.00
PLMT-T-2.0	<b>Pole Mount Top Panel</b> Mounting Panel with threaded collar for 2" pole. Attaches to structural ceiling. Requires pole and projector mount to complete system. Weight capacity 300 pounds.	\$71.00
PLMT-T-1.5	<b>Pole Mount Top Panel</b> Mounting Panel with threaded collar for 1.5" pole. Attaches to structural ceiling. Requires pole and projector mount to complete system. Weight capacity 300 pounds.	\$71.00
PLMT-VIT	<b>Pole Mount Top Panel w/ Vibration Isolation</b> Attaches to structural ceiling for isolation of 2" pole. Must be purchased with complete PLMT system with specified weight capacity.	\$135.00
PLMT-LD-2.0	<b>Light Duty Mount Top Panel</b> with threaded collar for 2" pole. Attaches to structural ceiling. Requires pole and PCM mounting adapter to complete system. Maximum weight capacity 40 lbs includes pole and PCM.	\$50.00
PLMT-LD-1.5	<b>Light Duty Mount Top Panel</b> with threaded collar for 1.5" pole. Attaches to structural ceiling. Requires pole and PCM mounting adapter to complete system. Maximum weight capacity 40 lbs includes pole and PCM.	\$50.00
MRCM	<b>Motorized Rotating Ceiling Mount</b> Rotates display product to two programmable show positions. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 110V. Optional wall mounted remotes available.	\$1,440.00
MRCM 220V	<b>Motorized Rotating Ceiling Mount</b> Rotates display product to two programmable show positions. Cannot be used on lift. 250 lb. capacity. Contact closure remote port. Requires 2" diameter pole and projector mount to complete system. 220V. Optional wall mounted remotes available.	\$1,440.00
WPR-M01-W	<b>Wall Plate Remote</b> panel for MRCM. Single gang white.	\$75.00
WPR-M01-B	<b>Wall Plate Remote</b> panel for MRCM. Single gang black.	\$75.00
WPR-M01-S	<b>Wall Plate Remote</b> panel for MRCM. Single gang brushed steel.	\$75.00
REM-M19-RM	<b>Rack mount Panel Remote</b> wired control panel for MRCM. 1.75" x 19" EIA. Black	\$75.00
REM-M02-WLKY-W	<b>Locking Wall Plate Remote</b> wired control panel for MRCM with security key lock. 2 gang, white	\$115.00
REM-M02-WLKY-B	<b>Locking Wall Plate Remote</b> wired control panel for MRCM with security key lock. 2 gang, black	\$115.00
REM-M02-WLKY-S	<b>Locking Wall Plate Remote</b> wired control panel for MRCM with security key lock. 2 gang, brushed steel	\$115.00
PLMT-AA	<b>Pole Mount Angle Adapter</b> Angled mounting panel with threaded collar for 2" pole. For cathedral style ceilings; 0° - 90°. Requires pole and PCM mounting adapter to complete system.	\$115.00
PLMT-U	<b>Pole Mount for U-Channel</b> Structural channel bracket with threaded collar for 2" pole. Requires U-Channel, pole and PCM mounting adapter to complete system. For projectors 30 lbs or less	\$63.00
PLMT-C	<b>Pole Mount C-Clamp</b> C-Clamp with threaded collar for 2" pole. Clamp attaches 2" pole to horizontal structural pipe. Requires pole and PCM mounting adapter to complete system.	\$63.00
PLMT-WA-8	<b>Pole Mount Wall Arm</b> Arm mounts to wall provided with 2" threaded collar. Mounts smaller projectors 8" from wall. Requires pole and PCM mounting adapter to complete system.	\$98.00
PLMT-WA-12	<b>Pole Mount Wall Arm</b> Arm mounts to wall provided with 2" threaded collar. Mounts smaller projectors 12" from wall. Requires pole and PCM mounting adapter to complete system.	\$98.00
CamPan-WM	<b>Camera Panel Wall Mount</b> Wall mounted camera panel for light-weight camera/pan/tilt. Provides tilt adjustment. 20 lb. capacity. Specify make & model of camera system.	\$215.00
<b>Model #</b>	<b>Anti-Theft / Theft Deterrent Projector Ceiling Mount Systems</b>	<b>List</b>

<b>AT-PCM-xxx</b>	<b>Anti-Theft Projector Ceiling Mount System</b> Includes active top pan, 6" pole and projector mounting system. Provides high output alarm (120db) with vibration sensor, projector presence sensor, electronic key, relay outputs and mechanical deterrence. Specify make and model # of projector and lens. 110V/220V	\$985.00
<b>AT-LAN-PCM</b>	<b>AntiTheft Mount with Ethernet I/O</b> port and Monitoring software package.	\$1,310.00
<b>AT-KEY</b>	<b>Duplicate Key</b> for Anti-Theft Projector Mount Specify Serial number of AT-PCM.	\$45.00
<b>SC-PCM-xxx</b>	<b>Security Cage/Projector Ceiling Mount</b> - cage surrounds projector for theft deterrence and physical protection. Includes 20° tilt, 10° pitch, 180° yaw. Specify make and model # of projector and lens.	\$425.00
<b>Model #</b>	<b>Staging Products</b>	<b>List</b>
<b>AVStack-Mini</b>	<b>AVStack Mini</b> Projector mounting frame with three point adjustment for alignment and stacking/flying. Square steel framework with black powder coat finish. Built to accommodate smaller venue projectors. Specify Make / Model # of projector.	\$840.00
<b>AVStack</b>	<b>AVStack</b> Projector mounting frame with three point adjustment for alignment and stacking/flying. 2" tube, easy to attach to truss. Aluminum frame. Built to accommodate most mid-large venue projectors. Specify Make / Model # of projector.	\$1,465.00
<b>AVSC</b>	<b>AVStack Clamps</b> Set of four to attach 2 units together. Not required for AVStack-Mini	\$153.00
<b>PG-01</b>	<b>ProGate</b> Fly AVStacks from truss and provides additional tilt, pitch, and yaw adjustments. Specify projector make and model.	\$2,570.00
<b>Model #</b>	<b>Miscellaneous Products</b>	<b>List</b>
<b>WV-BX-10</b>	<b>Plenum Box w/ mount for Wolfvision VZ-C10.</b> Rigid mounting for visualizer within plenum housing above 2' X 2' drop tile ceiling. Includes PCM-WV10 quick release mount. Black powder coat finish.	\$590.00
<b>WV-BX-TEMP</b>	<b>Plenum Temperature Box w/ mount for Wolfvision VZ-C Series (C11, 12, 30, 32).</b> Rigid mounting for visualizer within temperature controlled plenum housing above 2' X 2' drop tile ceiling. Intake and exhaust fans for cooling. UL rated fire dampers to maintain plenum rating. Includes optical glass projection port. 110/220 VAC. <b>Includes PCM-WV-C quick release mount.</b> Black powder coat finish.	\$1,395.00
<b>PCM-WV10</b>	<b>Ceiling Mount for WolfVision Visualizer VZ-C10.</b> 2 inch threaded flange.	\$215.00
<b>PCM-WV-C</b>	<b>Ceiling Mount for WolfVision Visualizer VZ-C Series (C11, 12, 30, 32),</b> 2 inch threaded flange.	\$215.00
<b>PCM-WT600</b>	<b>NEC WT600 Ceiling Mount.</b> Provides 20° tilt, 10° pitch, 180° yaw with 40 Lb weight capacity. 2" diameter threaded flange. SProvides fine adjustment of X, Y and Z axis' (R-L, F-B, U-D).	\$450.00
<b>PCM-XYZ</b>	<b>Projector Positioning Mount.</b> Provides 20° tilt, 10° pitch, 180° yaw with 40 Lb weight capacity. 2" diameter threaded flange. Provides fine adjustment of X, Y and Z axis' (R-L, F-B, U-D) for edge blending applications. Projector ceiling mount not included. Specify make and model.	\$480.00
<b>PWA-1</b>	<b>Rigid wall arm for mounting NEC WT600.</b> Adjustable 16" - 31". Powder coat finish to match projector. Includes PCM-XYZ fine adjustment.	\$550.00
<b>PWA-2</b>	<b>Rigid wall arm for mounting NEC WT600.</b> Adjustable 29"-44". Powder coat finish to match projector. Includes PCM-XYZ fine adjustment.	\$575.00
<b>CamPan</b>	<b>Camera Mount Panel</b> for mounting light-weight camera/pan/tilt on PLMT series pole mounts. Provides tilt adjustment, 20 lb. capacity. Specify make & model of camera system.	\$215.00
<b>LS-100</b>	<b>Motorized Lens Shutter</b> for blocking light from video projectors. Designed to interface with PCM or AVStack - may be used stand-alone. Specify make & model projector and lens.	\$500.00
<b>LS100-PCM-xxx</b>	<b>Projector specific Motorized Lens Shutter</b> for blocking light from video projectors. Designed for pole mounted projector. <b>Specify make &amp; model projector and lens.</b>	\$715.00
<b>PCS-602</b>	<b>6x Power Current Sensors</b> in 1 RU package. Ultra sensitive current sensing of 6 electronic products. 110V. Provides individual contact closure outs.	\$875.00
<b>SE-B5s</b>	<b>Sound Enclosure</b> for Soffit Application, no projector lift. Maximum projector size: 22"W x 25"D x 10"H. Designed to integrate into a soffit with Intake and Exhaust ports on the sides. Includes optical glass projection port. Requires PCM-xxx mount. 110V/220V. RS-232 and Remote Temperature Probe included.	\$2,200.00
<b>KFD-100</b>	<b>Keyboard Flipation Device. Motorized</b> Flipation of keyboard from table surface. Allows keyboard to disappear below table when not in use. 110V/220V, dry contact closure, hand-held hardwired remote control included. Keyboard not included. Recommended keyboard make/model is Microsoft # ACD-730. Installation requires skilled mill work.	\$1,070.00

<b>ProE-AC</b>	<b>Projector Enclosure for mid-size.</b> Heavy gauge steel enclosure with 1/2" poly carbonate viewing port. Hinged door with tamper resistant lock system. Sealed Air Conditioned enclosure with thermostat and circulation fans. RS-232 I/O for remote monitoring and control. Positional mount for specified projector. 110/220V. Specify NEC GT-500 / lens=TBD. Designed for temperature range 35°-105° F. Optional Heat.	\$7,015.00
<b>Model</b>	<b>Description</b>	<b>List Price</b>
<b>GDI-MESA1</b>	<b>Motorized Speaker Extender</b> system with Wall Mount rails, RF Remote control and PM-Flex universal display panel mount. Silver PC finish.	
<b>GDI-REM-IR</b>	<b>Wireless Infrared Remote control</b> May be used with any motorized DDI product.	\$285.00
<b>SM-0420</b>	<b>Speaker Mount for Pinnacle Q-3.</b> Provides attachment of speaker to MESA1 right and left extension arms and center channel location. One required per speaker.	
<b>SM-0430</b>	<b>Speaker Mount for Pinnacle Q-5.</b> Provides attachment of speaker to MESA1 right and left extension arms and center channel location. One required per speaker.	
<b>SM-</b>	<b>Speaker Mount for Definitive Technology Mythos Six.</b> Provides attachment of speaker to MESA1 right and left extension arms and center channel location. One required per speaker.	
<b>SM-</b>	<b>Speaker Mount for Definitive Technology Mythos Seven.</b> Provides attachment of speaker to MESA1 right and left extension arms and center channel location. One required per speaker.	
<b>SM-</b>	<b>Speaker Mount for Martin Logan Fresco.</b> Provides attachment of speaker to MESA1 right and left extension arms and center channel location. One required per speaker.	
<b>FP-Stand-33</b>	<b>Flat Panel Stand</b> for MESA1 and / or display panel. Stylish anodized aluminum feet and linear legs. Over-all height 33.5" including HD Feet.	
<b>FPT-ASSY</b>	<b>Flat Panel Tilt Assembly</b> Provides up to 15 degrees of tilt with lock-down feature. Inserts between MESA1 and display panel mount.	
<b>PL-2200i</b>	<b>PlasmaLift for 40" to 50"</b> display panels designed to raise 41". Basic configuration for installation in custom furniture, includes wired handheld remote. 110V. PM-XXX required. Includes finger safety guard.	\$3,150.00
